Principal: Mr M Wood

Across the country, there are children who desperately need additional support, but waiting lists are becoming longer and longer. For example, CAMHs currently has a waiting list of 20 months in West Sussex - sometimes 20 days is too long. That is where Every Child Needs a Mentor shows its worth. Within a week, we had set our children up with an online mentor and sessions had commenced.

Our mentor worked with the school to find out about our children ahead of time, parents gave permission and their own input, and we were able to immediately offer a form of support that our children need. Within 6 weeks, our behavioural incidences on CPOMs had halved for the children involved in mentoring, and soft data shows how helpful the children found the sessions.

The cost attached to this service has proved much cheaper than alternative provisions locally, in some cases 66% cheaper. Mentors work closely with school, children benefit quickly and best of all, support is almost immediate.

Thank you for everything – it really is making such a difference.

Kind regards,

Mike Wood - Principal
